Reinstall Teams Meeting Addin

Dave Topan - 2024-09-10 - 0 Comments - in Office 365

Open admin command prompt

Run:

C:\Program

```
Files\WindowsApps\MSTeams_24137.2216.2931.2440_x64__8wekyb3d8bbwe>msiexec /i  
MicrosoftTeamsMeetingAddinInstaller.msi ALLUSERS=1
```

- Need to change to the folder with the proper version number!
